

COMMENTS RECEIVED		Project: P2021-055
Comments:	MFRS has the expectation that this project will conform to all code requirements as set forth in the 2018 BC Building Code (BCBC), the City of Mission Development and Subdivision Control Bylaw 5650-2017 (DSCB), and that the municipal water distribution system will provide adequate water volume and pressure to satisfactorily support suppression firefighting activities and sprinkler suppression systems.
