

## TOP 13 STRATEGIES

From the five key strategy areas, of which there are 23 strategies in total, 13 priority Strategies were identified as the most impactful for improving housing conditions in Mission and the most urgent for implementation based on the findings identified in Mission's HNA and feedback received from staff. Mission will prioritize initial implementation efforts on these Strategies over the next three years. It is important to note implementation is already underway for certain strategies, and others may occur concurrently.

<b>STRATEGY 1.2</b>	Streamline the Development Approvals Process.
